

The background of the slide is a dark gray. On the left side, there is a 3D effect consisting of a blue rectangular prism and a gray rectangular prism, both tilted diagonally. In the center, there is a pixelated snake game scene. The snake is a small, multi-colored creature (brown, orange, and black) positioned in the middle of a dark, pixelated field. The field is enclosed by a black border. In the bottom-left corner of the pixelated field, there is a small, pixelated red and black cross-like shape. The title "Snake Challenge" is written in a large, white, sans-serif font, centered over the snake and the field. Below the title, the authors' names are written in a smaller, white, sans-serif font.
